Designer Glass Notes

1)	Availability	Available independently, with Frame Only Doors or with Mullion Doors with standard lites. Available in 13 different patterns including mirror and beveled.
2)	Sandblasting	All patterns are available sandblasted. When ordering, include “-SB” after glass number. (ex: DG-60-SB, included in sample box) Additional charge per piece for sandblasting.
3)	Irregular Shapes	Glass for doors with shaped rails that require the frame to be routed to the contour for glass is available upon special request. (ex: Door Style #'s 1060, 1080, 996L / 996R)
4)	Thickness	Glass is 1/8" thick and compatible with our glass frame rout (GRF) and rubber retainer.
	Rubber Retainer	Rubber retainer is not automatically included with your frame and / or glass order. The retainer must be ordered separately, simply check the box on the order form to indicate your color preference.
5)	Beveled Glass (Clear Only)	Single pane bevel glass has a 1/4" wide beveled edge and is compatible with our glass GRF frame rout and rubber retainer. Single Pane Beveled Glass is only available in square or rectangular shapes.
6)	Maximum Size & Grain Direction	Designer Glass maximum width is 20", maximum height is 55". Patterns DG-05, DG-14, DG-26, DG-MIR and DG-CLDS have no “grain” direction and can be turned 90° for a maximum width of 55" and maximum height of 20". In this case, the width will be used as the height for pricing (see pricing chart below). Glass with dimensions exceeding these maximums will be processed by our Non-Catalog Team and may be subject to additional design charges.
7)	Edges	All sharp edges are sanded smooth for easy handling and installation.
8)	Installation	Detailed installation instructions are included in the package.
9)	Ordering (With a Door)	Use Door Order Form #2. Check box to include Glass Retainer. Denote Door Quantity, Style, Width & Height, then check “Frame Only” or indicate the Mullion Lite Pattern desired. Write Designer Glass Pattern number (ex: DG-05) in Special Instructions section. WalzCraft’s configurator will calculate the glass size based on your door specifications.
10)	Ordering (Without a Door)	Use the Miscellaneous section at the bottom of Order Form #5. Denote the Designer Glass Pattern number (ex: DG-05) as well as quantity, width and height. When communicating dimensions, no adjustment is made to the size you provide. To ensure consistency, order exact size needed.
11)	Shipping Costs	The cost of shipping up to four pieces of any type of glass is a fixed price; there would be an extra charge for each additional piece of glass beyond the first four pieces. Freight on orders to customers outside the 48 continental U.S. will be quoted on a per job basis.

Designer Glass

"Where Custom Made Quality Begins"®

Leaded Glass, Glass Shelving

Leaded Glass Notes

1)	Availability	Available independently or with Frame Only Doors.
		Available in 12 different configurations.
		#DG-05 is not available for leaded glass windows.
2)	Designer Glass	Designer Glass pattern must be specified (ex: DG-58).
3)	Thickness	Leaded Glass panel is 1/4" thick. Not compatible with Rubber Glass Retainer.
4)	Rubber Retainer	Not an option with 1/4" thick Leaded Glass.
5)	Installation	Leaded glass windows come with an installation kit including instructions, plastic clips and a tube of silicone. WalzCraft also offers wood retainer moldings. See molding #'s: 889, 1120 or 1036 .
6)	Sizes	Minimum width is 4", maximum width is 18". Maximum height is 40".
		Minimum height is based on configuration. Special sizes are available upon request and will require the approval of a CAD drawing prior to placing an order. These requests will be processed by our Non-Catalog Team and may be subject to additional design charges.
7)	Construction	Leaded glass windows are "Cemented" with glazing putty so there is no rattling glass.
8)	Caming	Caming (lead mullions separating individual pieces of glass within configuration) comes standard in a pewter color. Please see our website for an example.
		Antique Brass caming is available. Please see our website for example. Add \$28.00 per configuration.
9)	Ordering (With a Door)	Use Door Order Form #2
		Denote Door Quantity, Style, Width & Height, then check "Frame Only".
		In the Special Instructions section, please write Leaded Glass configuration number (ex: DB-1) and Designer Glass Pattern number (ex: DG-58).
		WalzCraft's configurator will calculate the size based on your door specifications.
10)	Ordering (Without a Door)	Use the Miscellaneous section at the bottom of Order Form #5.
		Denote the Leaded Glass configuration number (ex: DB-1) and the Designer Glass Pattern number (ex: DG-58) as well as quantity, width and height.
		When communicating dimensions, no adjustment is made to the size you provide. To ensure consistency, order exact size needed.
11)	Shipping Costs	The cost of shipping up to four pieces of any type of glass is a fixed price; there would be an extra charge for each additional piece of glass beyond the first four pieces. Freight on orders to customers outside the 48 continental U.S. will be quoted on a per job basis.

Glass Shelving Notes

1)	Thickness	Available in 1/4" and 3/8" thicknesses in both Jade and Starfire.
2)	Jade vs. Starfire	When looking at the edge of a Jade shelf, it has a distinct green color. The Starfire shelf has a 60% clearer edge than the Jade shelf. Please see our website for an example.
3)	Maximum Size	Maximum size is 15" x 40". Please contact our Non-Catalog Team for larger sizes.
4)	Irregular Shapes	Please contact our Non-Catalog team for corner shelf applications and other irregular shapes.
5)	Polished Edges	Premium high gloss polished edges are a standard on all four sides.
6)	Pricing	There is the 1.5 Sq Ft minimum for pricing.
7)	Ordering	Use the Miscellaneous section at the bottom of Order Form #5.
		Denote the Glass Shelf part number (ex: SF14) as well as quantity, width and height.
		When communicating dimensions, no adjustment is made to the size you provide. To ensure consistency, order exact size needed.
8)	Shipping Costs	The cost of shipping up to four pieces of any type of glass is a fixed price; there would be an extra charge for each additional piece of glass beyond the first four pieces. Freight on orders to customers outside the 48 continental U.S. will be quoted on a per job basis.

Designer Glass, Leaded Glass and Glass Shelving - General Notes

1)	Color Photos	Please refer to our website at www.WalzCraft.com for color photos of all our Designer Glass Patterns, Leaded Glass configurations and Glass Shelving options.
2)	Glass Inspection	All glass is thoroughly inspected for scratches and imperfections.
3)	Shipping	Glass ships to you directly from manufacturer.
		Any damage that occurs during shipping is handled by manufacturer. Claim information can be found on a sticker on the package. All damage claims must be made within 48 hours of original delivery.
4)	Shipping Costs	The cost of shipping up to four pieces of any type of glass is a fixed price; there would be an extra charge for each additional piece of glass beyond the first four pieces. Freight on orders to customers outside the 48 continental U.S. will be quoted on a per job basis.
